# RW-P SERIES | Road Weigher System

## RW-P Convenient vehicle weighing pad

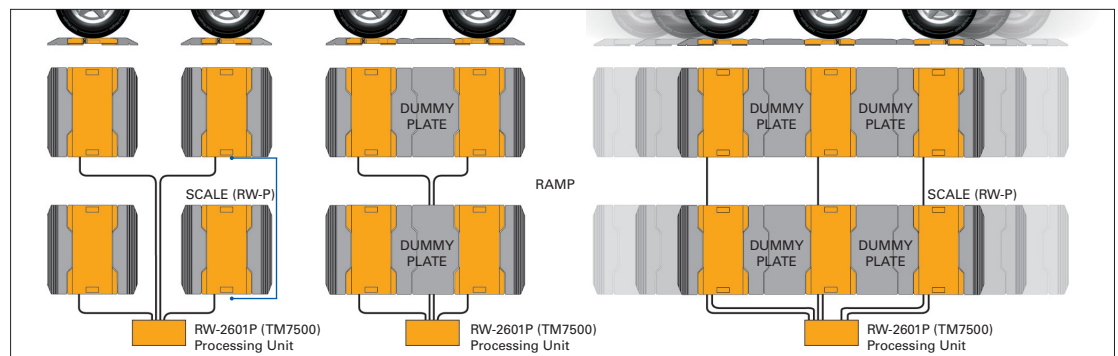

This rugged cast aluminum weighing pad is light and portable yet large enough for any type of vehicle. The bright orange industrial paint is baked onto the aluminum alloy chassis. CAS weighing pads not only look tough, they're built tough! With a variety of capacities & higher resolutions, the RW series is suitable for many applications.

The RW series accommodates for virtually any vehicle's axle arrangement with the simple use of "Dummy Plates" (Optional). Made from solid rubber, the spacers are different sizes and can be placed between multiple pads.

## Dummy Plates

Multiple platforms are able to be connected to the indicator as well as various arrangements of dummy plates (see diagram.)
